Slot-Sweepstakes!™ takes the play of a slot machine and turns it into an exciting live event. Slot players will be drawn to the large projection screen that uses Slotty™, Lotty™, and all of the other *Slot-Sweepstakes!*™ characters to market the game and the casino. Each evening the large projection screen is where the *Slot-Sweepstakes!*™ drawing occurs. Some lucky person will be a winner. For those less fortunate, hold all tickets, because with *Slot-Sweepstakes!*™ proprietary multi-jackpot system, the player's tickets also enter him in the Grand Prize drawing at a later date, usually the last day of the month.

Slot-Sweepstakes!™ promotes strong customer loyalty to the casino as slot players never leave the casino empty handed and are very likely to return for the Grand Prize event.
